GEORGIA'S CONDITION GOOD, SAYS JACKSON

Expert's Report Indicates Road Is Safe for Travel.

COMMISSION TO ADOPT REPORT

...pairs in Many Places Already Made ...d Railroad is Pushing Them in ...her Places Where Needed—Jack...n's Report in Full.

...tlanta, April 11.—W. O. Jackson ...ief inspector of railways of the ...e state railroad commission, on ...esday completed his inspection of ... physical properties of the Geor... Railroad and Banking company, ... made his report to the state rail... commission.

...r. Jackson, after four days' care... examination of the property, finds ...ing of the dreadful conditions al... to prevail in the complaint filed ... the railroad commission by ...dre Phinizy, of Augusta.

...e says the track conditions on the ...gia road would be rated at a good ...er cent of perfection as compared ... the railroads with which he has ... to do for the last six years as ... inspector for the railroad com... of Ohio. "Therefore," he ..."I have no hesitancy in pro...ing this road safe to that de... and do so without fear of suc... contradiction."

...e passenger and freight depots ... rolling stock were found in fair ...dition, comparing favorably with ... of other roads of similar class. ... Jackson states that special at... given to those points on ...ged to be dangerous, but ... find anything to indicate ...rack was unsafe.

...eable comment was occa... by the fact that Mr. Phinizy ... to accompany the party on the ...pection trip though repeatedly urg... to do so. Mr. Jackson was ac...panied on the trip by Railroad ...mmissioner O. B. Stevens.

Mr. Jackson's report shows that ...pairs are needed at certain points ... at practically all of such places ...railroad management is either ...g them, or is preparing to have ... made. In no place, however, ...e consider the conditions such ... endanger life.

While the commission has not taken ...al action regarding Mr. Jack... report, it was talked over in... tly and the commissioners have ... reached the conclusion that ... action will be an adoption of ...port as presented. If there is ...particular detail that demands ... attention, that will be deter... when they meet and appropriate ...on will be given it.

...commission has adopted practi... ...very suggestion and pursued ...urse urged by the complain... the Georgia railroad, and ... members of it have given ... public expression, it is evident ...y feel the result ought to satisfy ...parties.

...aking of the inspection, a mem... of the party said inquiry was ...ade for bad places in the roadbed ... every point where they stopped. ...o one seemed able to point out any, ...but several said they heard there were ...some about ten or twenty miles fur...ther down. It was that way on prac...tically the entire run. At one sta...tion a man volunteered to point out ...two places where spikes could be ...drawn out by hand. He went with ...the inspecting party but could not lo...cate the places complained of. "They ...must have been repaired," he said.

Miners Threaten to Strike.

...Paso, Tex., April 11.—The ...tern federation of miners has or...ized a union at Bisbee, Ariz., ...d have issued an ultimatum to the ...mpanies that a strike would take ...place unless the union was recognized. ...Three hundred men are affected.

Well Known Socialist Dead.

Berlin, April 11.—Ignatz Auer, the well known socialist member of the reichstag, is dead. He was born April 19, 1846.

BY THREAT GAVE NEW TRIAL.

Preacher Declared He Would Hang Glover If He Got on the Jury.

Atlanta, April 11.—Because one of the jurors, Rev. Charles M. Wilkinson, a preacher, said he would hang the defendant if he got on the jury, and afterwards got there, a new trial was granted by the supreme court to Arthur Glover, a former detective, who was convicted in Richmond superior court of the murder of Maud Dean, a cotton mill employe, and sentenced to serve a life term in the penitentiary.

Glover entered the cotton mill where the young woman was at work at a loom and shot her down. He shot her five times. He was convicted of murder, but given a life sentence. The supreme court puts its reversal of the lower court entirely on the ground of the remark alleged to have been made before the trial by the preacher juror.

The supreme court confirmed the life sentence of Jack McLeod, convicted in Studstill. McLeod called Studstill to the door of his home and asked him for a match. As the match was handed to him he proceeded to knock Studstill down and then killed him with an ax.

SHOT HIMSELF THROUGH HEAD.

John A. Cobb, Jr., of Cordele, Commits Suicide.

Cordele, Ga., April 11.—The entire population of this city was greatly shocked Tuesday morning, when it was learned that John A. Cobb, Jr., manager of the Cordele Ice company, and a prominent citizen, had shot himself with suicidal intent.

The rash act was committed at the office of the ice company's plant, and as soon as possible Cobb was moved to his residence, where he died just before noon. The weapon used was a pistol, which sent a bullet entirely through the unfortunate man's head.

The deceased is the son of Hon. J. A. Cobb, of Americus, and from one of the most distinguished families of the state. He was 34 years of age, and is survived by his wife here besides his father and two sisters. Ill health is the only cause that can be attributed for self-destruction.

The remains wil be taken to Tallahassee, Fla., for burial. The Knights of Pythias wil send a committee with the funeral party. Mr. Cobb was a grandson of General Howell Cobb.

Bloody Fight in Tennessee.

Chattanooga, Tenn., April 11.—C. E. Newberry, a contractor, was shot to death and D. M. Curry and William McKinley, employees of the Citico furnace, were fatally shot as a result of a feud at Citico. J. A. Curry, father of D. M. Curry, quarreled with Newberry, and the young son of D. M. Curry took up the quarrel, shooting Newberry through the head, killing him instantly. Newberry opened fire on young Curry before being shot and the latter killed Newberry and shot McKinley through the body. Both Curry and McKinley will probably die.

Negro Found Guilty By Jury.

Dalton, Ga., April 11.—The negro Charlie Smith, who has been confined in the Whitfield county jail, charged with attempting assault on Mrs. Dalton, was found guilty by the jury, and sentenced to twenty years in the penitentiary by Judge Fite Tuesday afternoon. Smith was tried last week but a mistrial resulted. Tuesday Mrs. Pierce swore positively that Smith was her assailant. The jury was out about 45 minutes. Smith maintained his innocence to the last.

Jasper Woman Shoots Two Men.

Monticello, Ga., April 11.—Meager details have reached here of a shooting affray which occurred in the upper part of Jasper county, in which "Junebug" Blackwell and John Blackwell were seriously wounded. Evie Blackwell, it is charged, did the shooting. The cause of the fight is unknown.

Coming Event Close at Hand.

Madrid, April 11.—The third week in April is the time for the expected accouchement of Queen Victoria. Two masses daily will be said at the palace during the next three days for the safe confinement of the queen.

THOUSANDS DYING OF STARVATION

Urgent Appeal Made for Sufferers, Who

CANNOT LIVE UNTIL HARVEST

300,000 Children Have No Milk and Are Forced to Eat Coarse Bread Made of Acorns, Powdered Wood and Cucumbers.

London, April 11.—Dr. Kennard, commissioner of the Society of Friends, who was sent to investigate the Russian famine, writing from Samara, in the heart of the famine district, under date of April 3, appeals to the United States and Great Britain to promptly send help. He says:

"There are 20,000,000 people distributed in the southeastern provinces of Russia who, without aid, cannot live to see another harvest."

In Samara alone, the commissioner adds, thousands are dying and 750,000 are starving. Of the latter, only 372,700 are getting relief, a dole of one meal in 24 hours. As a meal is only two pounds of breads and a bowl of soup, this, according to the commissioner, means, dying by degrees. Even this meager dole in countless instances is divided among many mouths. There are only sufficient funds on hand to last until May 1, whereas money will be needed until the end of July, when the harvest will bring relief.

The commissioner especially appeals for canned milk. He says there are 300,000 children in Samara province, who have no milk, and are forced to eat course bread made of acorns, powdered wood and cucumbers, resulting in thousands of deaths and much disease.

Cotton Growers Will Meet.

New York, April 11.—An international conference of cotton growers, manufacturers and dealers will be called at Atlanta on October 7, 8 and 9 next. This was decided upon at a meeting in this city of the presidents of the National Association of Cotton Manufacturers, the Southern Cotton association, the American Cotton Manufacturers' association and the Farmers' union. It was announced that arrangements have been made for an extended trip by special train through the cotton raising districts by the European and American delegates. Invitation will be extended to domestic and foreign associations.

Was Oldest Member of Rebekah.

Kansas City, April 11.—Mrs. Sarah Miles Hanna, 82 years old, said to have been the oldest member of the Daughters of Rebekah, and the only woman on whom the degree of chivalry was ever conferred by the I. O. O. F., was stricken with paralysis Monday and died at her home here Tuesday. Mrs. Hanna took the Rebekah degree at Rock Island, Ills., in 1855. She helped organize several hundred assemblies of the Odd Fellows, and for her efforts was made worthy Chaplain and later the degree of Chivalry was conferred on her by the order.

Indiana Laws In Effect.

Indianapolis, Ind., April 11.—The laws passed by the Indiana legislature which closed its session last month went into effect Wednesday at noon by proclamation of the governor. Among them are a two-cent railroad fare law, an anti-trust law, and laws inflicting a life prison sentence for kidnaping for ransom, closing barber shops on Sundays, limiting trainmen to 16 hours' consecutive work, prohibiting the sale of potson without a prescription and classifying as embezzlement the receiving of a deposit by an insolvent bank.

Reward for Tobacco Raiders.

Frankfort, Ky., April 11.—Governor Beckham has issued a proclamation offering a reward of $500 for the apprehension and conviction of every person guilty of destroying tobacco beds and barns in the western Kentucky dark tobacco district.

CARRIED BY SMALL MAJORITY.

Issue of $350,000 in Water Bonds Authorized by Vote of Citizens.

Atlanta, April 11.—The people of Atlanta decided Tuesday at the polls that its system of waterworks shall have for immediate use, the sum of $350,000, to be used in the laying of another 36-inch main from the river to the reservoir, in the construction of an additional reservoir, and in the laying of service pipes throughout the city.

Such was the result of the bond election of Tuesday. The bonds carried by a majority of 62 votes over the required two-thirds of the entire registered vote.

The vote for the bonds was practically unanimous, 2,196 votes having been cast in their favor with only 26 against.

The registered voters numbered 3,201. Of this number, two-thirds, or 2,134 favorable votes were necessary to the passage of the bonds. These were secured with 62 to spare.

The first, second, third and fifth wards failed to give the requisite two-thirds. The eighth ward gave the largest majority for the bonds, 40. The third ward showed the largest shortage.

Paralyzed and Speechless.

Logansport, Ind., April 11.—On calling at the office of Dr. John W. Ballard, supposedly for a friendly call, H. F. Stoughton, a farmer, found Ballard and others assembled as a lunacy board to inquire into his sanity. "My God! John, would you send me to the mad house?" he screamed, then fell unconscious from his chair. When revived, he was speechless, and totally paralyzed. The sanitary board adjourned and Stoughton was taken to the home of a sister, where he died a few hours later. Relatives of Stoughton had petitioned for the appointment of a commission, declaring a few weeks' treatment at Long Cliffe hospital would restore Stoughton's faculties.

Military Bakers Strike Breakers.

Marseilles, France, April 11.—Military bakers have been placed at the disposal of the master bakers here. The strike of the bakers up to the present has caused only slight inconvenience. Troops are guarding the town bakeries and gendarmerie are protecting the bakeries in the suburbs. The authorities are determined to prevent the strikers from compelling the non-strikers to cease work.

Snow Storm in Virginia.

Winchester, Va., April 10.—A terrific snow storm prevailed in the valley of Virginia early Tuesday. Telephone and telegraph services are almost paralyzed, poles and wires being down in all directions. The electric light and power plant in Winchester is completely out of service, and it will be several days before prevailing conditions can be remedied.

Pipe Was Filled with Explosive.

Tonawanda, N. Y., April 11.—Mike Vorski, a laborer, picked up on the street Tuesday afternoon a pipe which appeared to be filled with tobacco, and he lit it. Immediately there was a terrific explosion, and both his eyes were blown out; his nose flattened out and his scalp partly torn off. He will die.

Emperor Grants Pensions.

St. Petersburg, April 11.—Emperor Nicholas has signed a decree giving the families of officers or soldiers killed in the suppression of disorders or mutinies, or who lost their lives at the hands of terrorists, the same pensions as bestowed on officers or soldiers who lost their lives dunring the war with Japan.

Stricken with Apoplexy.

West Point, Ga., April 11.—While eating supper Tuesday night Mrs. F. E. Croft was strucken with apoplexy and survived the stroke for only a short while. She has many relatives and friends in Georgia who will mourn her loss.

Condition of Winter Wheat.

Washington, April 11.—The crop report from the board of agricultural department at noon Wednesday, reported the condition of winter wheat and rye up to April 1 to be as follows: Wheat, 89.9 and rye, 92.0.

TUCKER FACES FRAUD CHARGE

Kansas Oil Promoter Is Indicted for the

WRONGFUL USE OF THE MAILS

Bail in Sum of $15,000 Demanded, Which Tucker is Seeking—Alleged that Dividends Have Been Paid Out of Receipts of Stock Sales.

Topeka, Kans., April 11.—Following his indictment on the charge of using the mails to defraud, returned by the federal grand juryy, H. H. Tucker, Jr., of Cherryville, Kans., secretary and promoter of the Uncle Sam Oil company, who was arrested in Kansas City, was arraigned in the United States district court here.

Judge Pollock fixed Tucker's bond at $15,000, and he left for Kansas City, in company with an officer of the court to secure bail.

It is charged in the indictment that Tucker has sold about $1,200,000 (cash value) in stock in the Uncle Sam company, with a par value of over $10,000,000; that the sum of about $20,000 already paid in dividends was taken from the receipts of stock sales, and not from the earnings of the company, and that while this was going on Tucker was using the mails to accomplish the sale of more stock; also that the assets of the company are now $150,000 less than the money received from the sale of the stock.

At a meeting of the directors of the Uncle Sam Oil company which was attended by Tuucker and the attorneys for the company, it was decided to call a meeting of the stockholders of the company within the next few days and explain to them the exact condition of the company's affairs. If the stockholders decided that they want to take the business of the company into their hands, Tucker and the directors will interpose no objection.

Tucker said that he entertained no fears in regard to the criminal charges against him. He said the company had 2,600 stockholders in Kansas; 1,400 in Missouri, 500 each in Oklahoma and Nebraska, and 700 each in Ohio, Illinois and Indiana.

Convicted of Murder.

Chicago, April 11.—Howard Nichols and Leonard Leopold were convicted of the murder of Mrs. Margaret Leslie, the actress. Nicholas was sentenced to life imprisonment, while Leopold was given a 14-year sentence in prison. Robbery is said to have been the motive for the crime. On the morning of Oct. 19, last year, the dead body of Mrs. Leslie was found in her room at the Palace hotel, with an undergarment tied around her neck. The room was filled with gas which came from an open jet. A verdict of suicide by gas poisoning was rendered by a coroner's jury. This finding, however, did not meet the approval of the woman's father, Marvin P. Moody, of South Bend, Ind., and he demanded that the case be reopened.

Engineers' Society Opens House.

New York, April 11.—The United Engineers' society has opened its new home for the erection of which Andrew Carnegie gave $1,500,000. The formal dedication will take place next week. Rising thirteen stories high, with a frontage of 125 feet, the club house is an imposing structure overlooking Bryant park and the New York public library. The construction is of steel, covered with two to four inches of porous terracotta and the columns are grounded with concrete.

Anarchist Taken Into Custody.

Athens, April 11.—Pietro Solani, a well known anarchist, was taken into custody at the Hotel Constantinople, Pieraeus, previous to the arrival of King Victor Emanuel. It was suspected that he had designs on the Italian monarch. The police authorities questioned him at length as to his presence in Greece, but he was unable to answer satisfactorily. He also contradicted himself several times while being examined.

OFFICERS-ELECT WERE SWORN IN

Took Oath of Allegiance Before Mayor Thomas Thursday.

THE NEW COUNCIL ORGANIZED

Alderman Geo. K. Broome Again Elected to Exalted Position as President of the Council—Personnel of New City Government a Good One.

With almost the splendor, dignity and solemnity of a court of the old time, the newly-elected officials who, with the hold-overs of the administration of the past year, will hold the destinies of the city's affairs in their hands for the next twelve months or more, were administered the oath of office at the City Hall Thursday afternoon by Mayor W. R. Thomas. The scene was a most impressive one, as such scenes usually are, and the goodly crowd who had assembled to witness the ceremony were very attentive to the proceedings.

Of the newly-elected officers, it looks as though there might have been a poor start, inasmuch as only six of the ten officials elected were present to receive the sacred vows of allegiance to the city and their duties. However, it is understood that the reason of the number found it impossible to be present, owing to pressing business engagements, and they will take the oath of office before the week as soon as it is convenient.

Those who took the oath Thursday were Alderman S. M. Mixson, Alderman A. L. Vidal, Clerk and Treasurer J. M. Dell, Marshal Benj. T. Arnow, Assessor W. M. Bradford, and Member Board of Public Works E. J. Baird, all of whom will enter upon their duties at once. Aldermen E. E. Cannon and I. E. Webster, and J. H. Vidal, members of the Board of Public Works, were retained.

Immediately after having been administered the oath of office, the new Council was organized with the election of Alderman Broome as president to succeed himself. Alderman Broome, in a neat and most appropriate little speech assured the new Council of his appreciation of the honor that had been bestowed upon him. The occasion to remind the Councilmen that he himself was a property owner, not only a property owner, but one who had been here a long time, and who had the deepest interest in the city, its people and its welfare, and he wanted the new Council to feel that he was with them, as he had been with all former municipal legislatures, to which he had had the honor of belonging for many years. He promised to fulfill the duties of the position with the new board as he had always done in the past—to his best ability and most conscientious judgment.

The President will appoint his committees at a later date.

Immediately after Mr. Arnow had taken the oath of office, Marshal Pinkoson, retiring, delivered the authority to him. Mr. Pinkoson has made a fine officer, calm, determined and conservative. There is no doubt but that Mr. Arnow will do the same, as both gentlemen are men of high integrity and conservative judgment. No person could have a just objection to the retiring official, and it is hoped and believed that the same may be said of Mr. Arnow at the expiration of his term.

It is believed that with the coming administration there will be harmony, justice and prosperity. The newly-elected aldermen are men of ability and judgment, and it is safe to say that they will work well with their colleagues who have been retained by virtue of their extended terms.

J. H. Vidal and E. J. Baird, who succeed S. J Thomas and W. B. Taylor of the Board of Public Works, it is needless to add will do their duty toward the city in the matter of improvements. Messrs. Thomas and Taylor have also been enthusiastic and zealous toward the progress of the city, and they deserve and will receive the gratitude of our citizens.

The New Administration.

Mayor, W. R. Thomas; Marshal, Benj. T. Arnow; Collector, T. B. Ellis, Sr.; Clerk and Treasurer, J. M. Dell, Sr.; Assessor, Wm. Bradford; Aldermen, Geo. K. Broome, J. F. Bunch, A. E. Wittstock, S. M. Mixson, A. L. Vidal, I. E. Webster, E. E. Cannon; Board of Public Works, W. W. Hampton, H. F Dutton, H. E. Taylor, J. H. Vidal and E. J. Baird.

FINE PROGRAM AT L'CROSSE SUNDAY

Twenty-Fourth Anniversary of the Sunday School.

PROGRAM WAS INTERESTING

Superintendent Parker Made Opening Address—Address of Welcome by Pastor, With Response by Superintendent of Schools Dr. Kelley.

The LaCrosse Baptist Sunday school celebrated its 24th anniversary on Sunday, the 7th inst. Great numbers of appreciative people was in attendance.

Appropriate remarks were made in opening by H. C. Parker, superintendent of the school. An address of welcome was made by the pastor, Rev. F. M. Hartman, and responded to by Dr. J. L. Kelley.

The church was handsomely decorated in evergreens and choice flowers. The music, both vocal and instrumental, was of the best. The recitations were perfect and most interesting. The children seemed to vie with each other in excellency of performance, interest and behavior. Notwithstanding the program was lengthy, not a word of prompting was needed, and the entire service impressed the observer of the master hands of able tutors.

Chadoin Parker read an able essay on "Obedience and Its Fruits." Sweet little damsels bearing national banners of each of the missionary fields (after Mr. T. R. Parker had given a statement of the mission work and its results in each field) would make a soul-stirring plea for help for the mission field represented by them. A liberal contribution was made by the congregation.

A high moral and religious sentiment prevails in and around LaCrosse and the Sunday school has been a power in its formation and durability.

May the good work continue.

VISITOR.

LAWRENCE THROWER MARRIED.

Well Known and Popular Young Man Wedded in Tampa Tuesday.

The following, from The Tampa Morning Tribune of the 10th inst., will be of interest to the readers of The Sun, as Mr. Thrower, son of Rev. and Mrs. B. K. Thrower, resided in Gainesville for several years:

"Quantities of green vines, ferns and palms and clusters of white carnations made of the First Methodist Church a beautiful setting last evening for the wedding of Miss Charlie Smith and Mr. Lawrence Thrower. A trio of Tampa's best musicians furnished the music—Mrs. E H. Hart at the organ, Miss Hulda Kreher, violinist, and Miss Marion McKay, soloist. At 8 o'clock the bridal party entered, the bridesmaids from one door and the groomsmen from the other. Miss Lula Mellon and Mr. Russie Tarr, Miss Evie Sparkman and Mr. James Clark, Miss Bessie Snow and Mr. Fred Thrower, Miss Myra Wells and Mr. Max Law were followed by the maid of honor, Miss Berdina Crowell, and the little flower girl, Carrie Whitaker. Next came the bride and her matron-of-honor, Mrs. Claude Park, and were met at the altar by the groom and his best man, Mr. Ben Thrower, of Gainesville. The ceremony was performed by Rev. W. K. Piner and Rev. B. K. Thrower. The bridesmaids wore dainty dresses of white net over silk dotted mull, these costumes being enhanced with soft white voiles, reaching just below the waist. Miss Crowell's dress was of white point d'esprit over white taffeta, with the veil caught in place with white roses. Mrs. Park wore a white net over green with a long, enveloping veil, pinned with pink roses. The bride was beautiful in a very handsome gown of white lace over taffeta.

"After the ceremony the wedding party repaired to the home of the bride, Crescent Place, and after spending a short time there, accompanied Mr. and Mrs. Thrower to Port Tampa, to bid them a bon voyage to Cuba, where they have gone to spend a fortnight. On their return they will be at home for the present at the residence of the bride's parents, Mr. and Mrs. L. W. Smith, Crescent Place."

Horseless carriages—Wireless telegraphy—Now lardless cookery

Improvement is the order of the age. There was a time when Lard was considered the only shortening. To-day, the only people who use lard for shortening and frying purposes are those who are not familiar with the virtues of *Cottolene*. It pays to be abreast of the times. *Cottolene* is not only superior to lard from a health standpoint, being a vegetable rather than an animal product, but it will make more palatable food than lard; and it is more economical than lard because, being richer, one-third less is required than of lard or cooking butter.

Lard cooked food is not digestible because lard is a hog-fat product. *Cottolene* makes food more digestible and healthful because it is essentially a product of nature and contains only that which is digestible, healthful, and a real means of sustaining life.

If your grocer is an up-to-date, progressive man, he will have *Cottolene* in stock. More than that, if he has ever used it in his own family, he will recommend it in preference to lard or cooking butter. If he does not do this, it is only because he is unfamiliar with the virtues of *Cottolene*. Prove our claims to your own satisfaction by giving the product a fair test.

Give *Cottolene* a good, fair test, use it according to directions, and note the benefit to your digestion. You'll never go back to Lard.

COTTOLENE was granted a GRAND PRIZE (highest possible award) over all other cooking fats at the recent Louisiana Purchase Exposition, and food cooked with COTTOLENE another GRAND PRIZE.

"Home Helps" a book of 300 choice recipes, edited by Mrs. Rorer, is yours for a 2 cent stamp, if you address The N. K. Fairbank Company, Chicago.

A NEW FEATURE—The patent air-tight top on this pail is for the purpose of keeping COTTOLENE clean, fresh and wholesome; it also prevents it from absorbing all disagreeable odors of the grocery, such as fish, oil, etc.

ANOTHER BUSY DAY AT STATE CAPITOL

Many Bills Were Introduced in Both Branches of Legislature.

PUSHING NEEDED LEGISLATION

Senators and Representatives Were Busy at Forenoon Session, After Which There Were Important Committee Meetings.

Tallahassee, April 11.—Wednesday was a busy day here, both in Senate and Lower House, the morning sessions in both houses being followed in the afternoon and night by many important committee meetings.

The following is a part of the business transacted:

Senate Proceedings.

The Senate was called to order at 10 o'clock a. m., President Harris in the chair, twenty-nine Senators answering to the roll.

The following new bills and joint resolutions were introduced:

Senate Joint Resolution No. 127, by Mr. Buckman—That it is the sense of the Senate and the House of Representatives that a revision of the constitution is necessary.

Senate Bill No. 128, by Mr. Henderson—To permit Tallahassee to acquire waterworks plants.

Senate Bill No. 130, by Mr. Baker—To provide for safe-keeping of records of surveyors general.

Senate Bill No. 131, by Mr. Baker—To authorize circuit judges.

Senate Bill 132, by Mr. Neel—To amend general statute relating to public printing.

Senate Bill 133, by Mr. West of the First—To give power to legislative committee to administer oaths and to interrogate persons as to their interest or interest of others in appearance before the committees. Mr. West explained the object of the bill, so that the object and interest of all persons appearing before any committee may be determined.

Mr. West, in reply to several questions, said the main object was to determine whether the person appears in his own behalf or as a paid attorney representing some other interest. In other words the committee would know whether he was paid or appeared from patriotic motives.

Senator Willis offered an amendment, by striking out the right to question the witness as to whether he was paid or to be paid. Senator Broome moved that the bill lie over and be made a special order for tomorrow morning at 11 o'clock. Senator Clark amended this by asking that the bill be referred to the judiciary committee. Senator Adams offered still another amendment, that 200 copies be ordered printed, which amendment was accepted by Senator Broome; carried.

Senate Bill No. 134, by Mr. West of the First—To amend general statutes relating to courts in chancery.

Senate Bill No. 135, by Mr. Crews—To provide for pensioning of all soldiers known as "Home Guards."

Senate Bill No 136, by Mr. Zim—To prohibit contracts for future delivery stock, grains, cotton, etc., and to prohibit establishment of exchanges or bucket shops.

Senate Bill No. 137, by Mr. Zim—Relative to titles of real property.

Senate Bill No. 138, by Mr. Massey—To provide committee rooms for the Senate and House of Representatives. On roll call the bill was lost by a vote of 15 to 13, amid many changes of votes and two roll calls.

A message from the Governor was received.

Senate Bill 139, by Mr. Massey—To amend general statutes relative to qualifications of electors in cities and towns.

Senate Bill 140, by Mr. Massey—To provide for distribution of general statutes to judges of circuit and criminal courts.

Senate Bill 141, by Mr. Massey—To define the effect of the record of deed or mortgages unacknowledged or defectively acknowledged.

Senate Bill No. 143, by Mr. Willis—To amend road laws of Levy county. Being a party local bill, the usual course was followed, the rules waived; it was read second and third time and passed.

Resolutions Considered.

Under consideration of resolutions on second reading, Senate Concurrent No. 7, relative to appointing a committee on apportionment, was adopted.

House Concurrent Resolution No. 5, relative to committee to visit reform school at Marianna, adopted.

House Concurrent Resolution No. 6, relative to appointment of committee to visit and inspect convict camps of the State after increasing the number of the committee to six, two from the Senate and four from the House, by amendment, was adopted.

House Concurrent Resolution No. 8, for committee to visit hospital for insane at Chattahoochee, was adopted.

The message from the Governor, transmitting the report of the commission on trustees of the reform school at Marianna, was ordered spread upon the journal.

Bills on Second Reading.

Senate Bill No. 4, by Mr. Massey—Fixing the regular terms of the circuit court of the Seventh judicial circuit. Rules waived, bill read second time by title, third time in full and passed, 28 to 0

Senate Bill No. 47, by Mr. Adams—A bill to be entitled an act to provide for the proper care, maintenance and protection, inspection rules for regulation and control of county prisoners, manner of their discharge, and inspection of county jails, and to pay for the expense of carrying out the provisions of this act. Committee on prisons and convicts report favorably.

Senate Bill No. 81, by Mr. Humphreys—A bill to be entitled an act to incorporate and establish a municipal government for the town of Sarasota. This bill was read the second time, and under the usual waiver of rules in cases of local bills, read the third time in full, and passed, 27 to 0.

Senate Bill No. 38, by Mr. McCreary—To amend General Statutes relating to the printing of ballots, was reported by the committee, with amendment, which was adopted. On request of Senator Hudson this bill was passed informally.

Senate then adjourned until 10 a. m. Thursday.

Proceedings of the House.

The House was called to order at 10 o'clock a. m., a quorum being present, and proceeded to business.

The following bills were among others introduced:

House Bill No. 150, by Mr. Paul of Holmes—Relative to amending general statutes pertaining to public roads.

House Bill No. 152, by Mr. Smith of Lake—Establishment of good roads system in State.

House Bill No. 153, by Mr. Wartman of Marion—Relative to orders by circuit judges.

House Bill No. 154, by Mr. Abernathy of Orange—Relative to carrying of deadly weapons.

House Bill No. 157, by Mr. MacWilliams of St. Johns—Service of legal notice, etc.

House Bill No. 159, by Mr. Kilgore of Sumter—Bids for road work.

House No. 161, by Mr. Decker of Hillsborough—For the creation of Pinellas county.

Ordered that 200 copies primary bill reported favorably by committee on privileges and elections be printed. Also 200 copies of House Bill No. 22.

On motion of Mr. Calkins of Nassau, to take up from table motion to reconsider concurrence in Senate amendments in resolution to investigate the charges against trustees I. I. Fund. Lively debate was precipitated; ruled in order; carried; roll call, ayes 39, nays 29. Speaker voted in negative.

Motion to reconsider amendments.

Roll call, 37 ayes, 24 nays. Carried. The House then concurred in the first of the Senate amendments by a unanimous vote. It was evident the fight was to be on the second of the Senate amendments relative to the employment of council, expert accountants, stenographers, etc. The House refused to concur in the second amendment by a vote of 25 to 38 on motion to concur. The Senate was asked to recede from its position.

After consideration of messages from the Senate and the reference of various Senate bills to proper House committees, the House adjourned until Thursday morning at 10 o'clock.

"BLUE DEVILS"

Get Rid of Indigestion and Things Will Look Bright and Joyous.

Even in the present era of prosperity and good times everything appears black to those people who are suffering wretchedly from some form of indigestion. Where digestion is quick, complete and easy there is a joyous and hopeful outlook, but indigestion causes depression.

The want of a safe, effective cause for sick headache, indigestion and stomach troubles, was always felt until the prescription known as Mi-o-na stomach tablets was put up in popular form and proved its invaribie success in the many forms of indigestion.

After a few days' use of Mi-o-na stomach tablets the headache, dizzy feeling, drowsiness, bad taste in the mouth, coated tongue, nervousness, sleeplessness, distress after eating—all these symptoms of a weak stomach—will disappear and perfect digestion and a good skin will show that the vital machinery is once more running smoothly.

Mi-o-na is to be taken before each meal and it will stimulate the secretive and digestive juice and strengthen the whole of he digestive system so that the unpleasant full feeling will be absent and indigestion prevented.

Mi-o-na stomach tablets are sold only in a neat metal box convenient for the vestpocket and cost 50 cents. J. W. McCollum has seen so many cures made by Mi-o-na stomach tablets that he gives a guarantee with every box that the money will be refunded if the remedy fails to give satisfaction.

A Hint to The Public.

The Sun would appreciate highly any information of social events transpiring in the city. It is a matter of impossibility to cover the field thoroughly and as well as this paper would like to cover it, without assistance from friends. Anyone giving social functions, or knowing of any function given by a friend, would not only confer upon the city editor a favor by giving him the information, by 'phone or otherwise, but would tend to make The Sun a more interesting paper socially. The reporter is always glad to cover the field, but it must be remembered that this field is an extensive one, and assistance of this nature will not fall short of appreciation.

Dr. Flint to Lecture.

Dr. Flint will lecture to the Normal class of the University tonight on "The Chemistry of Digestion." This lecture will be open to the public, and all interested are cordially invited.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

LYDIA E. PINKHAM

Is acknowledged to be the most successful remedy in the country for those painful ailments peculiar to women.

For more than 30 years it has been curing Female Complaints, such as Inflammation, and Ulceration, Falling and Displacements, and consequent Spinal Weakness, Backache, and is peculiarly adapted to the Change of Life.

Records show that it has cured more cases of Female Ills than any other one remedy known.

Lydia E. Pinkham's Vegetable Compound dissolves and expels Tumors at an early stage of development. Dragging Sensations causing pain, weight, and headache are relieved and permanently cured by its use.

It corrects Irregularities or Painful Functions, Weakness of the Stomach, Indigestion, Bloating, Nervous Prostration, Headache, General Debility; also, Dizziness, Faintness Extreme Lassitude, "Don't care and want to be left alone" feeling, Irritability, Nervousness, Sleeplessness, Flatulency, Melancholia or the "Blues." These are sure indications of female weakness or some organic derangement.

For Kidney Complaints of either sex Lydia E. Pinkham's Vegetable Compound is a most excellent remedy.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs Pinkham, Lynn, Mass. for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law Lydia E. Pinkham in advising. Thus she is well qualified to guide sick women back to health. Her advice is free and always helpful.

MONEY IN GOOD HORSES.

Alachua County Has the Best Opportunity of Any County in Florida.

Our county is very fortunate in having two celebrated horses, as fine as any in Kentucky, with which to begin breeding the best horses ever produced in the State. Good horses never were so high and price promises to go higher, and the only way to have a fine horse at a small price is to breed one yourself.

Chester McDowell, the celebrated combination saddle and driving horse that created such enthusiasm at Tampa (five thousand dollars being offered for him there, twice) and has received numerous blue ribbons in Kentucky, deserves to be the pride of any country. His colts can't help being beautiful and they will bring record prices. His colts not only go all the gaits under the saddle but they trot superbly in harness. Lovers of combination horses with beauty should surely breed to him. A pretty horse always sells.

Keeps, who is as royally bred as any standard bred horse in America, is already well known here. One of his trotters sold recently for $20,000 at auction, and another for $7,000.

Keeps is a beautiful horse with great action and speed and as kind and gentle as can be. His value is $5,000 or over. He has also proved himself a great sire. His Florida colts have sold as high as $500. Not a colt he sired out of the commonest dam was offered for less than $200.

It certainly pays to raise colts that bring from $200 to $500 out of mares worth $100 to $200. Our farmers should take advantage of the presence of these great horses, and not only make money but improve their stock.

The owners of these horses are especially interested in building up the stock of the county and have placed the services of the horses at a very small amount—$25 each. These horses may be seen any time at the Chase farms, and everyone who is interested will be welcomed. If you desire to breed to either of these horses, it will be well for you to address The Standard Stock Farm and enter your mare, as only a limited number will be taken.

Two silver cups will be offered, one for the best colt raised in the county six months old by Keeps, and one for best colt by Chester McDowell.

GIRL BABY'S AWFUL ECZEMA

Sight of Eye Destroyed by Disease—Tried Five Doctors but Grew Worse—In Agony Eight Months—Parents Discouraged, Until They Tried Cuticura Remedies

IN ONE WEEK ALL SORES DISAPPEARED

"Our little girl, one year and a half old, was taken with eczema or that was what the doctor said it was. We called in the family doctor and he gave some tablets and said she would be all right in a few days. The eczema grew worse and we called in doctor No. 2. He said she was teething, as soon as the teeth were through she would be all right. But she still grew worse. Doctor No. 3 said it was eczema. By this time she was nothing but a yellow, greenish sore. Well, he said he could help her, so we let him try it about a week. One morning we discovered a little yellow pimple on one of her eyes. Of course we 'phoned for doctor No. 3. He came over and looked her over and said that he could not do anything more for her, that we had better take her to some eye specialist, since it was an ulcer. So we went to Oswego to doctor No. 4, and he said the eyesight was gone, but that he could help it. We thought we would try doctor No. 5. Well, that proved the same, only he charged $10 more than doctor No. 4. We were nearly discouraged. I saw one of the Cuticura advertisements in the paper and thought we would try the Cuticura Treatment, so I went and purchased a set of Cuticura Remedies, which cost me $1, and in three days our daughter, who had been sick about eight months, showed great improvement, and in one week all sores had disappeared. Of course it could not restore the eyesight, but if we had used Cuticura in time I am confident that it would have saved the eye. We think there is no remedy so good for any skin trouble or impurity of the blood as Cuticura. Mr. and Mrs. Frank Abbott, R. F. D. No. 9, Fulton, Oswego Co., N. Y., August 17, 1906."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. Rome Man Dies from Dog Bite.

Rome, Ga., April 11.—Tuesday morning John Shelton, a well known farmer about 50 years of age, died at his home near Rome from hydrophobia. He was bitten about six weeks ago and was sent to Atlanta for treatment; and was pronounced to be of danger. Last Thursday signs of the disease appeared, and his condition grew rapidly worse. He died in awful agony, six men being required to hold him in bed.

Mrs. Ruth Baker Dead.

Washington, April 11.—Mrs. Ruth Baker, widow of Lewis Baker, former United States minister to Nicaragua, died in this city Tuesday night, aged 65 years. She was a native of Wheeling, W. Va., her maiden name being Ruth Fordyce. For many years her husband was editor of the St. Paul Globe.

MANIACS FIGHT TO THE DEATH

One Tried to Beat Religion Into the Others with Chair.

Philadelphia, Pa., April 11.—Thaddeus Jordan, a negro maniac in the insane ward of the Philadelphia hospital, was kicked and trampled to death by Patrick Murray, another insane inmate.

Johnson suffered from religious mania and was imbued with the idea that the other patients were wicked and should be disciplined. Seizing a chair, Johnson proceeded to correct the other inmates of the insane ward in his own forceful manner.

Murray objected to having religion beat into him with a chair, and a furious fight ensued. Murray knocked the negro man down, kicked him on the head until his skull was fractured and then jumped on his prostrate form, breaking every rib in his body.

Johnson's body was crushed almost to a pulp before the attendants could subdue Murray.

Texas Puts Ban on Bucket Shops.

Austin, Tex., April 11.—Both branches of the Texas legislature have passed a law absolutely prohibiting the operation of bucket shops, cotton exchanges or any dealings in futures in Texas. The passage of this law, if approved by the governor, will end all future business of any kind in Texas. The penalties provided for are from $100 to $1,000 fine and from six months to two years in jail, at the option of the trial judge. The bill has been submitted to the governor for his approval, and it is believed that he will affix his signature. If approved, the law becomes operative 90 days from April 12, the day of the adjournment of the legislature.

Stomach and Liver Trouble Cured.

Orino Laxative Fruit Syrup cures stomach and liver trouble as it aids digestion, and stimulates the liver and bowels without irritating these organs like pills and ordinary cathartics. It cures indigestion and sick headache and chronic constipation. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

New York Banker Dies.

New York, April 11.—John Henry Clews, a member of the banking firm of Henry Clews, died early Wednesday after a long illness. Mr. Clews was 51 years old, a native of Dunkirk, N. Y., and had been a member of the stock exchange since 1890. He is survived by a widow and one daughter.

SHORT TALKS BY L. T. COOPER.

MEDICINE.

It's curious what some people believe a medicine will do. They seem to think because I advertise my preparations I claim they will cure anything and everything. Well, I don't.

MISS ISAACSON.

The other day I got a letter from a woman who said her husband had been in bed eighteen years with paralysis. She had bought seven bottles of the Cooper medicines and her husband was still in bed. She stated that I was a scoundrel, a robber and various other pleasant things.

Now the only thing I claim for Cooper's New Discovery is that it will put the stomach in working order. I know that if this is done, rheumatism, constipation, kidney and liver troubles, nervousness, and the general tired out, despondent feeling will disappear in ninety-nine cases out of a hundred. I know this medicine to be a fine tonic which used twice a year will throw off impurities and add flesh, strength and tone to the entire system. But it will not do the impossible. No medicine on earth will do more than help nature. Certain diseases are beyond all medicine, although God in his wisdom may some day give us frail humans a knowledge of how to cure them. At present I know Cooper's New Discovery to be as thoroughly efficient a medicine as was ever on the market, and people who will take it for the common ills to which flesh is heir will be more than satisfied.

Here is a letter from one who has tried:

"For a long time I have suffered from severe headaches, weakness, and pains in my back and sides."

"Nothing I tried gave me relief, and a friend advised me to try your medicine. I improved from the first week. My backache and headache left me and I felt myself growing stronger. My appetite increased and I felt greatly improved in every way. I am indeed thankful for the benefit I have received." Miss Jennie Isaacson, No. 18 15th Avenue, West Duluth, Minn.

We have sold and are selling great quantities of these famous medicines.

UNPROFITABLE FEEDING

Intelligent stock raisers know that a certain amount of feed is necessary to keep an animal alive. They might feed that amount as long as it lives, and it would never gain a pound.

There is no profit in that kind of feeding. The kind that pays is the kind that builds flesh rapidly. If it takes twenty pounds of food each day to keep a sheep alive, twenty-five pounds a day will make it gain flesh. It's the extra five that brings the profit. The first five pounds amounts to nothing, nor does the second or third or fourth five pounds.

It's the same way with advertising. You have to do a certain amount to overcome the resistance of the public.

You have to do a certain amount of advertising to make them wake up to the fact that you are in business at all. You have to pay a certain amount to keep your advertising alive. What you pay above that amount brings profit.

Some advertisers fail because they do not use enough space. They use barely enough or sometimes not quite enough to make the advertising self sustaining. A little bit more would make it profitable. It is better to advertise a little too much than not quite enough.—Charles Austin Bates.

Some of our advertisers could enlarge their space with profit.

He Posed as Clairvoyyant.

Union, S. C., April 11.—A man supposed to be Earl Vauture, who is charged with having defrauded residents of $10,000 in money and jewelry while posing as a clairvoyant, was captured in a remote section of this county and will be brought here to await identification by persons from Greensboro. The prisoner protests his innocence, claiming to be S. A. Ward.

Heads Delaware and Hudson.

New York, April 11.—It is reported that David Willcox has resigned the presidency of the Delaware and Hudson Railroad company. Mr. Willcox has been abroad and it is reported that he sent his resignation by cable. L. F. Loree, has been elected president of the Delaware and Hudson Railroad company, in place of David Willcox, resigned.

Was One of the Oldest Mail Carriers.

West Point, Ga., April 11.—Steve D. Sims, one of the first rural mail carriers in the south, dropped dead in the store of Hugeley McCulloch & Co, at 1 lo'clock Wednesday morning. Heart disease was assigned as the cause of his death. He remarked that he was feeling all right, and then fell over dead.

It looks as though the railroads of the country were greasing the toboggan slide for themselves.

The Kingston earthquake shook Gov. Sweetenham loose, but the San Francisco one seems likely to make Mr. Ruef a fixture.

District Attorney Haney has created the first situation on record where a board of city aldermen wanted to resign and couldn't.

Jack Adams, proprietor of a saloon in Pensacola, was arrested, together with two of his employes, for selling whiskey on Sunday.

The President's statement of his position on the pending railroad situation is no doubt very clear, "if you can get it through your wool."

A man by the name of Cobb has committed suicide in Georgia. It's not the cob, but usually that which surrounds it, that causes trouble and distress.

This is a time when any prophesy as to the Presidential outcome is sure to attract attention, and it is far enough from 1908 to be completely forgotten before the event comes around.

The Postal and the Western Union having raised rates simultaneously and to exactly the same figures, now want to convince the public that it was a case of "unconscious parallel cerebration."

Judge Alton B. Parker has unqualifiedly endorsed Woodrow Wilson for the next presidential nomination. It would seem on reflection that Judge Parker has not been particularly happy in picking presidential nominees.

It was to be expected. The standpatters have organized a Bible trust and put up the price of the good book. This is the last straw, that even salvation is no longer free. Satan's smile must over-spread his whole face these days.

The bribery of the late Senator Mitchell of Oregon by Mr. Puter with $1,000 gold notes is more startling than the most interesting detective story. When will there be an end of the exposure of Republican frauds and corruption?

Editor Ed Lambright, managing editor of The Tampa Evening News, is making an excellent paper of that journal, which the people of Tampa and South Florida appreciate. As a newspaper man Mr. Lambright has proved himself a brilliant star.

The proceedings of the celebrated Thaw case in New York have attracted the attention of the people of the world since it first began, many weeks ago, and it is a source of general relief that this sensational criminal drama, with all its passionate revelations, has come to an end.

A bill has been introduced in the Legislature of Tennessee making it a criminal offense to play bridge whist or other card games for prizes. It was at first thought to be a joke, but Representative Cottrell who introduced the bill says that he means to secure its passage if possible.

REPUBLICAN LAND GRAFTERS.

Representative Williamson of Oregon, who was convicted in 1905 on the charge of conspiracy to unlawfully secure United States lands, was about to be sentenced to pay a fine of $500 and serve 10 months in prison, when he appealed to the Supreme Court that his imprisonment would prevent his attendance upon sessions of Congress from which he claimed protection under the Constitution. He now moves the court to advance the case to immediate hearing on the ground of its public importance. As the term for which Williamson was elected to Congress expired on the 4th of March last, his appeal will hardly appeal to the court as of any importance, as to keep him out of prison would not affect his next attendance on the next Congress of which he is not a member. Still it will be interesting to know if a Congressman convicted of crime is so necessary to his constituents that the court will let him free to serve them. The Republicans of Oregon must have been hard up for material for public servants when they selected Senator Mitchell and Congressmen Williamson and Hermann, all of whom were mixed up in the land frauds.

As facts are developing it proves the railroads are playing a very dangerous game. They have manufactured a drop of values in Wall Street and have found that has not frightened the administration, and now they are doing the much more dangerous thing of starting a general commercial depression to show the country at large that they are being ill-used. Papers have been sent to the Interstate Commerce Commission by some of the big commercial organizations enclosing a circular addressed to them by the railroads telling how they are being hounded by the Federal and State governments and stating that they are curtailing expenses, countermanding orders for material and cancelling contracts for extensions and improvements. The letter from the railroads asked for signatures to a petition, to be published broadcast by the press, prophesying a repetition of the hard times of 1893 to '97 if the railroads were not let alone. This is playing with fire. The railroads, by stopping expenditures and throwing thousands of men out of employment, can create general financial depression if they choose. But it is a Frankenstein that is liable to get away from its creators and play havoc. If there is anything likely to force a general demand for strict governmental control, if not governmental ownership of the railroads, it is for them to wilfully precipitate a panic. But there are strong indications now that they are riding for a fall, and if they do they are likely to get it.

We say it in no frenzied rhetoric that the "freedom of the press" is the sheet anchor of our safety—the palladium of our liberties. When its sacred precincts are invaded, its conduct regulated, its utterances censored, Democratic government will have ended and that which has made governments abhorred in Europe and Asia will have been enthroned. Where the press is not free nihilism stalks the earth and protection is sought in the bomb of the plotting aparchist.—Ocala Banner.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

District Attorney Jerome of New York appears to be as inconsistent as he is competent—and he has demonstrated that he has a goodly share of each. With great zealousness he succeeded in having a commission appointed to examine into Thaw's mental condition, declaring that he was "insane and incompetent to comprehend his situation." In his address before the jury, he is quoted as saying that every act of Thaw was an act of sanity, every act bristled with premeditation. Indeed, Jerome is a peculiar fellow—but Mr. Delmas has got him rattled.

The increased railroad rates on grain from the West will not go into effect until May 1. This is the first time in many years that railroads have raised rates on grain at the opening of navigation. Usually there is a reduction in rates at that time to compete with water transportation. The increased rates are said to be in retaliation for the action of the legislatures in the Central West in reducing passenger freight rates. The railroad magnates should remember that retaliation can be played by more than one side.

BEAT THEIR CAPTORS.

Curious Contest That Occurred on a British Frigate.

ALL NIGHT BATTLE OF SONG.

The Crew of an American Privateer, Prisoners on Board the Leander, Outsang the English Tars—An Odd Incident of the War of 1812.

A curious defiance of captors by their prisoners was that of the crew of the American privateer Prince de Neuchatel when confined on board the British frigate Leander. Toward the close of the war of 1812 the frigate had captured the privateer easily enough and, taking her crew on board, gave them quarters in the cable tier, making them stay in those confined quarters among the spare cables from 4 o'clock every afternoon until 8 o'clock the next morning. To while away the long hours of their confinement in the dark and dismal hole the captives one night began to sing in chorus rousing songs which told of American naval victories.

The captain of the Leander sent word that such concerts were not at all to his taste and must be stopped. This set the Yankees to singing louder than ever. Then the captain picked out six of the best singers in his crew and, joining a dozen more to them for the chorus, stationed them at the hatchway and ordered them to sing the Yankees down.

The British choir started in with a song descriptive of the capture of the Chesapeake by the Shannon. The Americans waited in silence until the British song of victory was ended and then burst forth with that grand old sea song, "The Constitution and the Guerriere," telling how

The first broadside we poured carried her mainmast by the board,
Which made this lofty frigate look abandoned, oh!
A second told so well that her fore and mizzen fell,
And we doused the royal ensign neat and handy, oh!

They fairly made the timbers of his majesty's frigate ring as with one mighty shout they ended with the line,
"The Yankee boys for fighting are the dandy, oh!"

To this the British singers retorted with a song composed in honor of the taking of the Wasp by the Poictiers, and in return the Americans gave them "Coolbridge's Tid-Re-I," which tells how the Java was taken and has such rousing little verses as:

Now, my hearts, we've played our parts;
Proud John once more we've humbled, oh!
It may be said a bull he made
On Yankees when he stumbled, oh!
And if he comes to run his hums
We'll give proud John a roasting, oh!

And so the battle of song went on until the British, running out of ballads celebrating their victories over Americans, began to sing "The Battle of the Nile," "Britannia Rules the Waves," etc. At this the Yankees cried out, "Yes fair," and claimed the victory, their songs of victory over the English had not begun to be exhausted.

Thereupon the British band of song withdrew, acknowledging their defeat, while the Americans continued their songerfest with such roaring ballads as "The Yankee Man-of-War" and "When the Yankee Thunders Roll."

It was now past midnight, not a soul aboard the frigate had had a wink of sleep because of the boisterous concert, and the British captain determined to try another mode of overcoming the Americans. He ordered a file of marines, with loaded muskets, to the hatchway and shouted down to the singing sailors that if they did not stop that racket the marines would fire down into them.

"Fire away, my hearties!" shouted back the elated Americans as they burrowed beneath the cables. "You may kill us, but you'll spoil your best bower cable in the doing of it."

The captain had seriously intended to shoot down among his prisoners. He thought better of it and withdrew the marines, whose departure was the signal for more cheers for the stars and stripes and the roaring out of another ballad abusive of the British.

All that night they sang, and surely old ocean never before or since saw the spectacle of a British frigate plunging through the waves, taut and trim and still in his majesty's service, while from her depths surged out over the dark sea choruses which defied the British power and sang off British decks.

That captain was a pretty good sort of fellow. His name was Sir George Collier, and he deserves to be remembered. As things went in those days, if he had had his prisoners soundly flogged the next morning he would not have been thought to have exercised undue severity. Most captains would have done at least that, even if they had not ordered the marines to fire into the cable tier. As it was, Sir George transferred the captive Americans to the first homeward bound British man-of-war he met and declared that, while he admired their spirit, as guests he considered them a trifle noisy.—Irving King in New York Press.

One Thing at a Time

"I can't afford to advertise on a large scale," said a merchant lately, "and with my varied stock I wouldn't know where to begin on a small scale."

It is a common fallacy that the advertising must cover the whole stock.

In point of fact it never does, even with the most lavish advertisers, and, if it did, the result would be a jumble of prolixity. The true policy is to select one article at a time—something moderately priced and meeting the want of the day—and push that at the people.—Philadelphia Record.

Rheumatic Pains

Gives Instant Relief

Minard's Liniment was prescribed by Dr. Levi Minard in his private practice fifty years ago. It is the most effective, economical, and clean-to-use external application for rheumatism, neuralgia, pleurisy, stiff, twisted joints, sore, strained, or lame muscles, tired, aching feet, any pain or ache, as well as for throat and lung troubles and as a general family medicine. So pure and antiseptic, so powerful, penetrating, and soothing. Minard's Liniment has justly earned its title, King of Pain.

CURED THIS MAN

Will Cure You

"Accept my heartfelt thanks on behalf of my aged father, who for the past six months was severely troubled with rheumatism in left arm, so much so that he could no longer work at his tailoring profession, and after consulting the leading specialists of this city, and trying enough so-called remedies to sink a boat, we finally made up our minds that he was a hopeless invalid. I can truthfully assert the fact that my father's paralyzed arm regained its full vigor and it is today as well as it ever was, after using Minard's Liniment.—

A ROYAL TONIC.

Beats Anything We Ever Sold as a Strength Creator and Body Builder.

Our well-known druggist, W. M. Johnson, is very enthusiastic over the delicious cod liver preparation, Vinol, which contains no oil. In referring to the matter, Mr. Johnson said: "We sell many tonics and we handle all kinds of remedies that claim to be tonics and strength creators, but when our advice is asked in regard to a tonic, body-builder or strength-creator, we invariably recommend Vinol, as we know of nothing that can compare with it.

"In Vinol modern science has given us all of the tonic, body-building and curative elements of that famous old remedy, cod liver oil, actually taken from fresh cods' livers, without a drop of the system-clogging oil which characterizes old-fashioned cod liver oil and emulsions.

"In the most natural manner Vinol tones up the digestive organs, creates a hearty appetite, makes rich red blood, and strengthens every organ in the body.

"Our faith in Vinol is so strong we gladly offer to refund the money in every case where it fails to give satisfaction"—W. M. Johnson, Druggist.

NOTE.—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

A number of Gainesville's devotees of sport spent a day at Boulware Springs yesterday, enjoying a fine chowder prepared under the direction of that veteran at the business, "Uncle Dave" Robertson. More than a dozen were present, and the day was most enjoyably whiled away. The crowd returned in the afternoon full of chowder and contentment.

A GREAT COMPLIMENT.

Colfax Rebekah Lodge Will Confer Degree Work at Grand Lodge.

One of the greatest compliments ever paid to Colfax Rebekah Lodge No. 2, I. O. O. F., was the designation of the working team of this lodge in the matter of conferring the work for the benefit of the order at the Grand Lodge session, which will be held in St. Petersburg next week.

The degree team of Colfax Rebekah lodge, which comprises twenty well-informed members of the lodge under the direction of Captain J. W. Blanding, expects to leave Gainesville on Monday of the coming week for the South Florida city, where the Grand Lodge will convene Tuesday. On Wednesday evening the team will confer the work, and it is needless to add that it will be conferred in a correct and impressive manner.

Colfax Rebekah lodge, which enjoys a large membership, has the reputation of being one of the best in the State.

A Pleasant Party.

A select party consisting of Mr. and Mrs. Graves, Mrs. Palmer and sister, Mrs. Coles, Mrs. Hyde and Miss Kittie Carlisle spent the day at Spring Park Wednesday, enjoying the hospitality and free-hearted generosity for which Mr. Callison is famous.

After spending some time viewing the many interesting sights, in and around the beautiful home, a bountiful dinner was served that was thoroughly enjoyed.

W. L. Cowles of Chicago, senior member of the firm of W. L. Cowles & Co., consulting engineers, who has been in the city for the past few days, has gone to the West End. Mr. Cowles also handles an improved track-laying machine, and has succeeded in placing one of these machines on the construction work of the Jacksonville and Southwestern division of the Atlantic Coast Line.

J. E. McIlwaine, formerly of this city but more recently of Jacksonville, where he has been working in the train dispatcher's office of the Atlantic Coast Line, was in the city yesterday. He is en route to Birmingham, Ala., where he has accepted a position as division trainmaster on the Southern Railway. Mr. McIlwaine's friends congratulate him upon this promotion. He is a deserving as well as a capable young man.

FIRST NATIONAL PROSPEROUS.

Capital Stock Has Been Increased to Hundred Thousand Dollars.

As will be seen by the advertisement elsewhere, the First National Bank is prospering, as this institution has recently increased its capital stock from $50,000 to $100,000, with a reserve or surplus of $20,000.

This increase has been necessitated on account of the great increase in the business. No bank in the State is on a stronger financial footing in proportion to its capital, and the patrons of the institution, as well as the citizens generally, are glad to note the prosperity, as it means the prosperity of the community.

The business of the First National has always been conducted by conservative officials, but who are always glad to accommodate their patrons within reason. This accounts largely for the magnificent and growing success of the institution.

Former Resident Was Here.

H. C. McCreary, for many years a resident of this city but now residing in Knoxville, Tenn., where he is following his profession of constructing engineer, has returned to his home, after a brief visit here. Mr. McCreary owns real estate, and was here looking after his interests. He is now engaged in an extensive contract, that of laying a track for the Southern Railway from Knoxville to Asheville, N. C., and is employing a large number of men. He was the guest of J. F. Bunch while here.
